

Greg Risberg, MSW, CSP: A HIT ACROSS THE COUNTRY at Health Care meetings!

National Kidney Foundation

“You brought 200 individuals together and made us family with your speech. You gave us courage to try something new and the push to communicate something we have been meaning to say for a very long time.”

American Lung Association

“The response from our evaluations of your session was overwhelming! The attendees left the conference with a greater compassion for their patients and a better feeling about themselves and their work.”

American Medical Association

“You were phenomenal in establishing rapport with the group and, perhaps more important, enabling them to establish rapport with one another... people today are hungry for the ‘human’ contact you provide and the way in which you ‘enable’ them.”

West Virginia Society of Radiological Technologists

“OUTSTANDING!!!

“Greg, I truly believe you have a talent that every long term care association across the nation should hear...”

“The evaluations say it all! Averages on a 5 point scale, with 5 being high, ranged from 4.95 to 5.0 for all questions!”

“Kudos to Greg!”

North Dakota Long Term Care Association

South Carolina Health Care Assn

“It doesn’t get much better than this! On a scale of 1 to 5, you received a 4.94! It appears that you ‘triggered a range of emotions,’ ‘rejuvenated the spirit,’ and ‘put a lot more love back into our hearts’!”

Missouri Activities Directors Assn

“You touched our hearts... and left us all with new ways to look at situations we once thought of as too tough to tackle...The batteries that you recharged will be running at full power for quite some time and when they start to run down, all we have to do is remember what you taught us...”
